Feel The ENERGY of  
Nature's Perfect Superfood

USDA Dietary Guidelines say, "nutrient needs should be met primarily through consuming foods. Foods provide an array of nutrients (as well as phytochemicals, antioxidants, etc.) and other compounds that may have beneficial effects on health." In contrast, many multi-vitamins are synthetics made in a chemical factory instead of nature.

Superfoods are natural whole foods that are low in calories but are densely concentrated in natural vitamins, antioxidants and phyto-compounds, which are key to high levels of energy and wellness.

### Feel the Energy of Earthrise Green Superfoods

- Spirulina Natural™
- Spirulina Gold Plus™
- Green Blends Cleansing
- Chlorella

Easy to use tablets, caplets, vegcaps or powder.

Earthrise brings together all the natural goodness from the best green superfoods: Earthrise Spirulina, Yaeyama Chlorella, Barley Grass and Wheat Grass so you can maintain your healthy, energetic lifestyle.

Conveniently packed 15, 30, or 60-day supply, and one pound sizes.

Earthrise is America's original producer of Spirulina. Since 1981, we formed an international team to farm Spirulina on a 200 acre site in the southeastern California desert. Earthrise Spirulina is ecologically grown without using pesticides or herbicides.

Committed to excellence, our quality system is certified to internationally recognized standards. We pack our own products and test every batch to assure potency and wholesomeness in order to deliver the quality you expect and deserve.

# Chlorella Green Blends

Earthrise is an ISO 9001:2000 Registered and GMP Certified Company.

**"Feel The Energy of Nature's Perfect Superfood"**

## What is Earthrise® Spirulina?

Spirulina is a microscopic plant without leaves, seeds or flowers, growing by the hundreds in a single drop of water. This spiral shaped fresh-water plant derives energy from the bright desert sunshine. Spirulina cell walls are soft, and easily digested. It is packed full of naturally formed vitamins, minerals and phytonutrients which nourish and protect our bodies. Just 1 heaping teaspoon equals 6-8 servings or more of common fruits and vegetables in terms of antioxidant content (beta-carotene).

Energy, vitality, and well-being: use Earthrise Spirulina and feel what others are saying. Scientific and clinical studies show Spirulina powerfully protects the heart and brain from oxidative stress while supporting a healthy immune system.\*

We grow the world's purest Spirulina in the southeastern California desert. We learned long ago to ecologically farm Spirulina with no pesticides, herbicides, GMOs or preservatives, for our families and yours.

## Powerful Antioxidant Protection\*

Protects Heart & Brain Health\*

Immune Support & Longevity\*

### Contains

Phycocyanin (Unique Super Blue Protein)
